Sanger High School

From the
Superintendent
Mike Rosenberg

I would like to congratulate the Class of 1998 and all of the students of Sanger High School for making this past year a memorable one. To those of you who have realized your dreams, I say bravo. The year 2000 is quickly approaching and I hope your experiences in our school district have prepared you well for the future. Each of you is fortunate to live in a time of great change. You are not only living in the present, you also represent what is best about our nation. I advise each of you to take full advantage of the gift of life. Treasure it and hold it dear. Respect the rights of others and do the right thing. By doing so your high expectations will become reality. My wish is that each of you reaches a level of success that allows you to look back thirty years from now and say; "I reached the summit of the peak and my life is good." Again, my best wishes to you.

Student success is the trademark of Sanger High School!! We have a fantastic staff and a fine group of students. The hard work and dedication of all of these people has contributed to this success. There is a strong spirit which has bound us all together to accomplish our goals. I am proud to be the Principal of a "Recognized" school for the second consecutive year. I am also excited about the future of Sanger High School and the success that awaits our graduates.

We are continually establishing high expectations and then working persistently to achieve these goals. This has been our formula for success. I hope that each student and teacher will use this valuable strategy to make a difference in the 21st Century. It has been said, "Success begets success!!" And I am certain that the faculty and staff of Sanger High School are dedicated to continue this attitude of excellence. I thank each person who has been involved in this process and wish all the students the best with their future endeavors. May God Bless You All!!

The 1997 Sanger Indians had the most successful season by an Indian team in many years. They finished the year with a 10-2 record, a District 9-3A Championship and a 3A Bi-District Championship. They are the first Sanger team to win Bi-District in 45 years. The group of young men on this team put in an awful lot of hard work and overcame much adversity in accomplishing what they did. I would like to thank them all, and especially the Seniors for what they did in helping establish a winning tradition at Sanger High School.

“Tenacity, desire, hard work, never say die...These are all words or phrases that describe the '97 Varsity Volleyball Team. With only one returning starter in senior Nancy Kamp, this season very easily could have been one full of disappointing heartache. However, despite an overall record of 8-16, it was not. The Lady Indians spent the season continuing to learn and build for the future, but more importantly gaining that ever-elusive winning ingredient: Experience. Through the leadership of Kamp and other seniors Lindsey Wadsworth and Amanda Buel, Sanger served notice to other teams in the area that there is “No Fear & No Doubt” in the hearts and abilities of this young varsity. By meeting the challenges of this season with positive attitudes, the Lady Indians displayed the character that will carry them to great success in the future. I am very proud of them and their accomplishments. We survived the trials and tribulations of our youth and growing pains. Now we're ready to look forward to the future and winning.

The Freshmen and JV Volleyball teams learned and improved on many different facets of the game this season. Not only did our basic fundamental, such as passing, setting, and serving get stronger, but, also, our overall knowledge of the sport. In addition, competition for playing time on each team was fierce which only served to make both teams better. As a result of the hard work, both teams finished the season with ten wins and only five losses. Our tournament play improved dramatically with both teams bringing home third place trophies from the Pottsboro tournament. The JV also won the consolation bracket in the Paradise tournament. Both teams worked extremely hard and should be proud of their accomplishments. I know I am.

I looked at this year's team and really knew we would win more ball games, but we lost some close ones early, and I think that kind of hurt our confidence a little bit.

“The 1997-98 Lady Indians were very exciting to watch. All eleven girls played a very important role on our team. We stressed team work and defense and the girls responded and developed into a championship team in which they will always be proud of its accomplishments. Quote:

This Freshman Lady Indians started the season playing seven Junior Varsity teams. They competed well against these tough opponents. This tough schedule helped this team to become a much better team by District. They placed 2nd in our District, behind Decatur. Their hard work and mental toughness helped them become very successful. These young ladies had a very good season.

QUOTE:

"To be in the State Playoffs is a goal that every school in Texas would like to reach. The 1997-98 Lady Indians set that goal for themselves and through hard work, dedication, & determination, reached that goal. Our fans filled the gym at Coppell and we were very excited and optimistic for a victory. Even though we did not come out on top, we became better people and better players because of the experience. Our team was disappointed and will come back and set higher goals and will work harder to obtain those goals."

With every morning comes a dawn of a new day, bringing with it the hardships of getting from one place to another. In this case - from home to school. Students found the school buses to be reliable, but not their first choice. They hitched rides with friends, finding it to be much more comfortable, but unreliable and sometimes expensive. Some asked parents or relatives for a lift and found these to be safe and cheap, but still unreliable. When all else failed, they found their own means of transportation. Their own vehicle with its unique problems. It is certainly no free ride, but it's welcomed with embracing arms!

The PAL class is a peer helping program in which selected high school students are trained to work as peer facilitators with other students at Sanger High School, Middle School, Intermediate School, and Chisolm Trail Elementary. Pal students spent 6 weeks training in class before their internship began at the other schools. They developed an ongoing relationship with at least two students from each school who need a "PAL". The PAL motto is "Don't just do something---listen".

PAL II students offered the Peer Mediation/Conflict Resolution program for the first time this school year to help students find resolutions to conflicts in which both sides can win.

The Sanger FFA Chapter is involved in many activities during the year. We are actively involved in leadership contests, livestock shows, district meetings and banquets. We have held an FFA camp, a clean up day for the project center, and the adopt-a-highway program. The chapter had added a new advisor this year and Mr. Kirby has been a great help for our chapter. He trained a Senior Skills team that placed fourth at Area. More FFA members are involved in major livestock shows this year and many members are seeking scholarship activities through the FFA. The FFA officers are working well together and Sarah Griffith has been a hard working president.
